REMARKS

Applicant has amended the Claims 1, 2 and 3. Applicant respectfully submits that these amendments to the claims are supported by the application as originally filed and do not contain any new matter. In addition, Applicant respectfully submits that these claims would not be properly rejectable based upon the art of record.

In addition, Applicant respectfully submits that Applicant's claims 1-3, as amended accordingly, claim a structure which provides a cutter comprising an outer cutter and an inner cutter where the gap between the inner cutter and the outer cutter on one side and the gap between the inner cutter and the outer cutter on the other side are different and fixed.

In addition, the Claims 1-3 have been amended so as to claim a construction wherein the center of rotation of the inner cutter is fixed and offset from the center of the outer cutter. Applicant respectfully submits that such construction is not shown by any of the art cited by the Examiner.

Accordingly, it is respectfully requested that this preliminary amendment be entered as part of this RCE, favorably considered, and the case passed to issue.

Please charge any additional costs incurred by or in order to implement this preliminary amendment and/or required for any extensions of time to KODA & ANDROLIA DEPOSIT ACCOUNT NO. 11-1445.

Respectfully submitted,
